Freedom from...

high credit card rates!

KNOXVILLE

EMPLOYEES
CREDIT UNION

How transferring your credit card balance can help you save!

Paying high interest rates on your credit card balances? You can easily transfer your balance to a lower rate credit card and leave those high interest rates behind!

How It Works

We make transferring your balance simple: Bring us your current credit card statement, and we'll transfer the balance. It's as simple as that! Once your balance is transferred, you'll end up paying less with your new card because of the lower interest rate!

Compare Rates

If you're paying a \$10,000 credit card balance with an interest rate of 15.99%, this means you're paying \$1,599 in interest alone.

With our credit card rate as low as 7.99% on a \$10,000 balance, you would be paying \$799 in interest. By transferring your credit card balance to us, you could save \$800 in interest per year! Transfer your balance to us today and experience the difference!
